Even helping me set up my bedroom and front room! It was a Sunday and they definitely made me a believer in you really can get a great deal and great people to help you move! 5/31/2009 - Israel, Alejandro and Julio were amazing! Israel was in and out of our apartment the most, so he was the main guy explaining the process to us and assuring us everything would be ok. (This was our first time using professional furniture movers, so we had no idea what to expect!) Israel is a great person to have on staff. He worked his butt off but also had a warm, calming personality. I'm telling you--I was so nervous until I talked to Israel. He is a walking advertisement for FlatRate. If you ever make a commercial, put him in it. I chose FlatRate because my friend Amy recently hired them in New York and recommended them to me. I will do the same; I will recommend FlatRate to everyone that I hear is moving. Thank you, FlatRate!

5/28/2009 - I had a horrible previous experience with another company in USA and was very afraid to use any other moving company thinking they would all be the same. Flat Rate proved me wrong. There weren't any scratches on any of my pieces of furniture when i checked at the final destination and nothing got lost. I was so impressed with the service and the kind of attention i received from the beginning through the whole process. Thank you VERY MUCH. Wregisley Favero

## FLATRATE MOVING COMPANY REFERRALS (Currently 204 Referrals Received)

**Jennifer Karan**

Jun 7 2007 - From the moment I got on the phone to the minute the guys left to put my stuff in storage, I knew what was going on. Everything happened exactly as it was scheduled. Everyone I spoke with was friendly, helpful, courteous and well-informed. Moving is never fun or easy, but this is absolutely as good as it gets. I would absolutely use Flat Rate again and I would (and have already) recommend you to anyone who asks. Thank you [{click here to view the original reference}](#)

Jul 6 2007 - Best move ever! Nicola and his crew were awesome! Friendly and hard working crew. The company is straight up, no haggle and no hassle, what you see is what you get and what you're quoted is very accurate. Never had such a great experience moving. If I ever move again, it will be with Flatrate! Thank you Flatrate and Nicola's team for such a wonderful and pleasant experience.

May 14 2007 - Exceptional does not begin to describe the level of service I received from the time I set up my moving requirements with Troy and Alex to the actual pick up and delivery by Ivan and Juan. There were many complexities to this move, including difficult entry to the pickup site to special packing requirements of fine china and art. Ivan's driving skills were

**Sophia Witting**

Jun 27 2007 - I was very skeptical in hiring a moving company, because my last experience was so horrible. However, Flat Rate stayed in great communication via email and phone about our inventory list and move date. I really liked how the company sends out a representative to take inventory of our belongings. I also loved the crew that was sent out to my home. They were polite and courteous. They worked fast, but took care and caution with our valuables. When they unloaded our things at the delivery destination, the crew was on time and super fast! I loved Flat Rate and would go with them again, no doubts!

Jun 22 2007 - My parents supervised the move because I was working. They both had nothing but positive things to say. My mother thought it was my easiest move to date. I will definitely use Flat Rate for my next move.

May 31 2007 - Cleo and his crew were were at once speedy and careful with our possessions as they packed in Los Angeles and moved us to Northern California. They exuded a calm confidence that hepled dampen the stress levels of my wife and me. We recommend them and your company without reservation. Our one complain is: where were you 15 years ago?! Jun 29 2007 - Although a little on the pricey side, I was very pleased by FlatRate's service. My three movers were courteous, careful and did a great job. I would highly recommend FlatRate in the future.

#### **Fran Hutchins**

Sep 3 2006 - Moving with FlatRate was stress free. The movers were early! They moved our many boxes of books so quickly that I almost missed it. With the furniture they were only slightly slower, taking the time to wrap everything. At the new place they put everything where we asked and even took the time to move things around once we changed our minds. Nothing was broken, and Jerry, Roberto, and Ivan were so polite and accomodating. This is the first move that actually reduced the stress in my life. Thanks FlatRate!

#### **Eliza**

Sep 18 2006 - The movers were polite & very helpful. They weren't aware of me being quoted the use of wardrobe boxes, however they were accomodating and had no problem in moving a couple extra boxes. And the whole move ended at the flat rate I was originally quoted.

#### **Richard & Susan Mahlmann**

Sep 8 2006 - The movers were the best movers I have ever dealt with. The customer service representative (Marian) was very easy for my staff to work with -- very organized for a move with multiple pick-up and drop-offs. The moving team was just as great. All our items were safely delivered and wrapped and packed up with care. I would definitely recommend FlatRate and will use them again.

#### **Dan Rollman**

May 29 2007 - Incredible customer service. Movers arrived a day late due to accident, but the company kept me informed and was very accomodating working around my schedule. Truck arrived a couple hours later than I'd been told, which was the only bummer of the day. Move was great. Two incredibly nice, smart, hardworking guys. Kept me relaxed the whole time.

#### **Andrew Kim**

Jul 5 2007 - The movers were very professional and courteous. They did a good job of wrapping each piece of furniturelike it was a valuable antique.

#### **Jim B.**

Sep 18 2006 - The crew arrived on time, were extremely polite and professional, and we were packed up and ready to go in no time - including a baby grand piano! Ivan and his crew are the best movers I have met in my life - I would highly recommend them to anyone. The flat rate concept is revolutionary in the moving business and is amazing for the customer. Moving is always a bit difficult, but your company made it incredibly easy. Thanks, Jim B.

Sep 10 2006 - FANTASTIC!!!! I honestly had no idea that moving could be so easy and well organized; the gentlemen working on my move were kind, thoughtful, asked all the right questions, and took great care with my items; all lead by the team leader Jerry. I am recommending you to everyone I know. Thank you!!!!

Sep 30 2006 - The move took under two hours, I couldn't believe it. I am totally moving phobic, and your guys couldn't have been nicer or more helpful -- it was a breeze. I couldn't recommend flatrate highly enough. Thanks!

#### **Mary Beth Carosello**

Oct 20 2006 - I have never had such a pleasant and easy move in my life. Cleo, Jake, Tony and Juan arrived at my home on time and then worked hard to get all of my stuff out by the noon deadline (the new owners were moving in promptly at twelve!). But even before the moving day, Flatrate had made my move easier--I found out just days before my move that we were not going to be able to get into our new home until late Saturday night or early Sunday morning (and we had to be out of our old home by noon on Friday!). I called Flatrate in a tizzy and the helpful (and calm) saleswoman said that we could have our furniture delivered on Monday morning. They saved our move from

certain disaster. I would use Flatrate again.

## ABOUT FLATRATE LOS ANGELES MOVERS

### SHAPING THE MOVING INDUSTRY

In 1991, Los Angeles's FlatRate Moving Systems developed a totally new concept offering customers an all-inclusive, guaranteed, one-price move. Our intention was to eliminate the questionable pricing practices inherent to the moving industry in California, while at the same time providing quality service at competitive prices. Our commitment to these goals remains steadfast.

### THE TEAM

FlatRate movers are highly trained in an ongoing training system. The foremen are required to complete a total of 300 hours of moving experience before they take charge on a move crew. The movers themselves go through extensive training before getting on-the-job experience.

### INSURANCE

FlatRate maintains \$5 million worth of General Liability insurance, as well as required Workers' Compensation insurance coverage. Nearly every commercial office building in California requires insurance certificates prior to any work performed on the premises. The amount of insurance a company carries is an important factor when choosing a mover;

should your current or future building require more than the mover is covered for, the management will not allow the movers to work in the building. We maintain a substantial amount of insurance for our client's convenience and peace of mind.

### LICENSE

FlatRate Moving Systems is licensed by both the Commerce Commission and the California State Department of Transportation. Interstate Commerce Commission ICC MC-254356  
Public Utilities Commission (PUC) PUC T #0190171
