Hi Earl,

THANK YOU THANK YOU THANK YOU!!!!!!!!!!!!!!

I cannot thank you and FlatRate enough. I had the BEST movers I have ever had before and most importantly they put my needs first. They were considerate about my furniture and how to move it in the best way and keep it protected. The storage space was tight but they made it fit so I did not have to spend more \$\$.

I know NYC moving is the worst, but they made the experience and did it no time at all. They worked hard and I gave them a great tip and TONS of waters and gatorade ;)

Is it possible to request the same team for my move from Storage to my apartment in July? Also, my roommate wants to use them too....Could we book them out all day and just have them move both of us into our own apartment?

We will not know details until later, but just wanted to see if we could reserve and also to let you know how great the move was!!

Thanks again for all of your help!

All the best,
Devin Fitzpatrick
