

I wanted to take a few minutes to relay my feedback about the team of movers that we had yesterday.

The foreman was Albert and I believe the other two team members were named Michael and Manuel. They did a SUPERB job!! They showed up right on time, which is more than appreciated. Right from the start they made it clear that they were here to make the move easy for us and we should just relax, which, believe it or not, is not as easy as it sounds, but we did our best to stay out of their way and let them do what they do best.

In less than ideal weather, they made a seamless move from point A to point B. Everything was wrapped with extreme care, both in boxes and blankets and nothing was damaged in the slightest. It all remained as dry as possible, given the great amounts of snow, and I was constantly reminded that if I wanted something moved to a different place in the room, just ask and they would take care of it.

On moving day, which is stressful enough for most people, they all made it very easy for us, with no complications. Thank you for all your help and I hope Albert and his crew know that their help was greatly appreciated.
