

Dear Reggie,

I wanted to personally thank you for arranging my move last Saturday. From the moment we spoke, everything was handled effectively and efficiently. Even with the changes I had the week prior to the move, everything was executed perfectly.

I also want to thank Jolly and Milan for their hard work! They arrived 5 minutes EARLY – with a smile! They worked extremely hard to get the job done quickly – and were especially personable and accommodating.

I would highly recommend Flat Rate Movers to all my friends and family. It is refreshing to see a company in this challenging time, rise to the occasion to provide excellent value for money hand in hand with quality service!

Warm regards,
